Easy Installation

Components can be easily installed by the removable hard disc frame at a 90° angle and the quick-release latches to the disc drive bays.

Efficient ventilation of the case

The Revoltec Sixty 1 has a total of four installation spaces for installing fans. A 120mm Silent fan mounted in the front and one 120mm Silent fan at the rear side are included. Two fans in the side panel can be installed as an option.

The mesh grills on the disc drive covers contribute to the efficient ventilation of the case and are additionally equipped with dust filters.

Front-Access

Four USB 2.0 ports, two audio connections and one eSATA port are available for the connection of external peripheral equipment on the front of the case.
